Gender Modernism And Narrative Identity  
part of a long and complex history -that of women's effort to find a means of expressing female experiences in writing. For Nin, the struggle included an attempt to embody a "feminine mode of being" in her writing. Because Nin herself stressed the centrality of gender to her identity, her relation to women's studies and her

shifting social mores in postwar America. Before Madonna and her many imitators, there was Nin; yet, until now, there has been no major study of Nin as a celebrity figure. In *Writing an Icon*, Anita Jarczok reveals how Nin carefully crafted her literary and public personae, which she rewrote and restyled to suit her needs and

desires. When the first volume of her diary was published in 1966, Nin became a celebrity, notorious beyond the artistic and literary circles in which she previously had operated. Jarczok examines the ways in which the American media appropriated and deconstructed Nin and analyzes the influence of Nin's guiding hand in their

construction of her public persona. The key to understanding Nin's celebrity in its shifting forms, Jarczok contends, is the Diary itself, the principal vehicle through which her image has been mediated.

Combining the perspectives of narrative and cultural studies, Jarczok traces the trajectory of Nin's celebrity, the reception

controversial American writer Henry Miller (1891-1980). However, the influencer of Dostoevsky on Miller was, in fact, enormous and shaped the latter's view of the world, of literature, and of his own writing. The Making of a Counter-Culture Icon examines the obsession that Miller and his contemporaries, the so-called Villa

Maria Bloshteyn argues that, as Dostoevsky was concerned with representing the individual's perception of the self and the world, he became an archetype for Miller and the other members of the Villa Seurat circle, writers who were interested in precise psychological characterizations as

Tracing the cross-cultural appropriation and (mis)interpretation of Dostoevsky's methods and philosophies by Miller, Durrell, and Nin, *The Making of a Counter-Culture Icon* gives invaluable insight into the early careers of the Villa Seurat writers and testifies to Dostoevsky's

This book situates the single woman within the evolving landscape of modernity, examining how she negotiated rural and urban worlds, explored domestic and bohemian roles, and traversed public and private spheres. In the modern era, the

single woman was both celebrated and derided for refusing to conform to societal expectations regarding femininity and sexuality. The different versions of single women presented in cultural narratives of this period—including the old maid, odd woman, New Woman, spinster, and flapper—were all sexually suspicious. The

single woman, however, was really an amorphous figure who defied straightforward categorization. Emma Sterry explores depictions of such single women in transatlantic women's fiction of the 1920s to 1940s. By digging into the mythic tropes that permeate both her literary diaries and fiction, this book demonstrates that Nin constructed a mythic method of her own, revealing the extensive possibilities of an

opulent feminine psyche. Clara Oropeza demonstrates that the literary diary, for Nin, is a genre that with its traces of trickster archetype, among others, reveals a mercurial, yet particular understanding of an embodied and at times mystical experience of a writer. The cogent analysis of Nin's fiction alongside the
