Control of Documents. Document control is a core process of ISO 9001, and is common to the other management standards. From ISO 9001:2015: "Documented information required by the quality management system and by this International Standard shall be controlled". In the old version of the standard (ISO 9001:2008), it was one of six required documented procedures.

## ~~Control of Documents – Quality Systems Toolbox~~

The term document control in ISO 9001 refers to the control of documented information that is required by the standards and guidelines. Along with putting these standards in place, the documents themselves should be
