Read Book Jim And George Home Winemaking A Beginners Book Paperback

Jim and George's home winemaking: Easy, practical ...
Jim and George's Home Winemaking. This is an inexpensive book (under \$7) done in an old style, with 'Yankee Trader' sorts of line drawings. It has a nostalgic charm, but the small format, courier lettering and low quality graphics definitely make it a bit difficult to read. This was originally written in 1976, so at the time it might have been one of the only books available.

With food culture in the midst of a do-it-yourself renaissance, urbanites everywhere are relishing craft beers, foraged ingredients, sustainable seafoods, ethically raised meats and homemade condiments and charcuterie. Inspired by the delicious creativity of local artisans, chefs, brewmasters and mixologists, Michelle Nelson began urban homesteading in her downtown apartment. Armed with a passion for food and farming, and a PhD in conservation biology and sustainable agriculture, she shares her hard-won knowledge and recipes with readers interested in collecting, growing and preserving sustainable food—even when living in an apartment or condo. In *The Urban Homesteading Cookbook*, Nelson explores the worlds of foraging wild urban edibles, eating invasive species, keeping micro-livestock, bees and crickets, growing perennial

vegetables in pots, small-space aquaponics, preserving meats and produce, making cheese and slow-fermenting sourdough, beer, vinegar, kombucha, kefir and pickles. Nelson fervently believes that by taking more control of our own food we will become better empowered to understand our relationships with the environment, and embrace sustainable lifestyles and communities. With 70 fabulous recipes, including sesame panko-crusting invasive bullfrog legs, seaweed kimchi, rabbit pate with wild chanterelles, roasted Japanese knotweed panna cotta and dark and stormy chocolate cupcakes with cricket flour—this exciting new book is sure to inspire readers to embark on their own urban homesteading adventures. Generously illustrated with gorgeous colour photography and complete with useful how-to chapters, *The Urban Homesteading Cookbook* is an invaluable guide for all those seeking ethical and sustainable urban food sources and strategies.

THE ACCLAIMED AUTHOR OF *JUDGMENT OF PARIS* EXPLORES THE THRIVING BUSINESS OF BARGAIN WINES AND OFFERS HIS RECOMMENDATIONS FOR THE BEST VALUES. Is inexpensive wine any good? Award-winning author George M. Taber shows that it is, examining the paths to success of the world's best-selling bargain brands. Taber helps readers learn to trust their taste and make informed decisions when confronting wine lists, and reveals how innovators are turning the old *vin ordinaire* into something extraordinary. *A Toast to Bargain Wines* is an accessible mix of history, business, and reference, and includes a two-part guide to the world's best buys: George's ten favorite bargains of every varietal (plus two splurges in each category), then ten value brands from twelve regions

around the world. Casual wine drinkers and connoisseurs alike will benefit from this insider's guide to finding and enjoying good wine—at a great price.

Charles Sullivan's *Napa Wine: A History*, is the engaging story of the rise to prominence of what many believe to be the greatest winegrowing area in the Western hemisphere. This new edition completes that picture, bringing to light more than a decade of dramatic changes and shifted norms visited upon the valley, from phloxera-wasted vineyards to High Court-officiated territorial battles, told in a rousing, transportive narrative. Beginning in 1817 with the movement of Spanish missions into the San Francisco Bay area, Sullivan winds his way through the great wine boom of the late 19th-century, the crippling effect of Prohibition, and Napa's rise out of its havoc to its eventual rivaling of Bordeaux in the judgments of 1976 and 2006. Published in cooperation with the Napa Valley Wine Library, the book includes historic maps, charts of vineyard ownership, and vintages from the 1880s to present.

No wine category has seen more dramatic growth in recent years than American Rhône-variety wines. Winemakers are devoting more energy, more acreage, and more bottlings to Rhône varieties than ever before. The flagship Rhône red, Syrah, is routinely touted as one of California's most promising varieties, capable of tremendous adaptability as a vine, wonderfully variable in style, and highly expressive of place. There has never been a better time for American Rhône wine producers. American Rhône is the untold history of the American Rhône wine movement. The popularity of these wines has been hard fought; this is a story of fringe players, unknown varieties, and longshot efforts finding their way to the mainstream. It's the story of winemakers gathering sufficient strength in numbers to forge a triumph of the

Read Book Jim And George Home Winemaking A Beginners Book Paperback

obscure and the brash. But, more than this, it is the story of the maturation of the American palate and a new republic of wine lovers whose restless tastes and curiosity led them to Rhône wines just as those wines were reaching a critical mass in the marketplace. Patrick J. Comiskey's history of the American Rhône wine movement is both a compelling underdog success story and an essential reference for the wine professional.

Brown ale has come a long way since its murky beginnings as the first beer style ever produced. Jam-packed with historical and technical brewing information, Brown Ale is not only an excellent reference, but a fascinating read as well. The Classic Beer Style Series from Brewers Publications examines individual world-class beer styles, covering origins, history, sensory profiles, brewing techniques and commercial examples.

"During election years in the early 1800s, touring politicians would often stop at Vevay in an effort to gather votes. On one such occasion the governor, Jonathan Jennings, was visiting Vevay with his entourage. They all stopped at Father Morerod's home to taste some of his wine. The governor and one or two others from abroad, being unaccustomed to wine, became considerably befuddled, as did some of the 'Vevay boys.' The way back to town was blocked by a large growth of dog fennel, a yellow flowering weed. The politicians passed through this field wearing white trousers and shirts. In their confused condition they soon emerged and presented to the townsfolk an amusing spectacle of the governor and fellow dignitaries wearing yellow pants and yellow spotted vests." --
From *Indiana Wine: A History* John James Dufour arrived in America in 1796, looking for land for a colony of 'vinedressers.' They first settled in Kentucky, but then

Read Book Jim And George Home Winemaking A Beginners Book Paperback

purchased land in the Indiana Territory on the north bank of the Ohio River. Here, in the town they called Vevay, the Swiss winegrowers successfully produced America's first commercial wines. In *Indiana Wine*, a richly anecdotal history of wine production in Indiana, James L. and John J. Butler relate a vintage story of early triumph, followed by precipitous decline, and ending in present-day success. Though the economic decline of the 1820s ended the first flowering of Indiana vineyards, John James Dufour continued his work, and in 1826 he published the first book written about American grape growing and winemaking. Thereafter the heart of America's wine production was centered near Cincinnati, Ohio. That industry collapsed in the 1870s, but small wineries could still be found scattered across southern Indiana. With the coming of Prohibition, the idea of Indiana wine was lost. It was not until the passing of the "Small Winery" law in 1971 that winemaking began anew in the state. Today some 25 wineries, large and small, produce a wide variety of Indiana wine.
