You thought The Cartel was over, but Diamonds are forever. . . . The Diamond family has survived murder, deceit, and betrayal. Through it all, they're still standing tall, and a new era has begun. After surviving a failed attempt on her life, Breeze has moved into the queen's position by Zyr's side. Zyr has taken over the empire and locked down Miami's streets. He has the world in his palms, but there is always new blood ready to overthrow the throne. Young Carter has retired and moved away from the madness—that is, until he gets an unexpected visitor at his home. This person shakes up the whole family, causing chaos that threatens to bring down the Cartel for good. New York Times bestselling authors Ashley and JaQuavis deliver the highly anticipated fourth installment of the wildly popular Cartel series.

The Community-Oriented Needs Assessment (CONA) model presented by the authors demonstrates that effective two-way communication between providers of human services and the community is necessary for effective and efficient social services. The CONA model uses data from demographic/statistical profiles, key informants, and random community members to define needed services, to develop programs, and to improve accountability. The authors both outline the logic behind the use of this model and sketch a step-by-step approach for developing the model for use in a variety of settings.

If what you wish for is a delightfully bittersweet novel filled with endearing, eccentric characters and situations in the vein of Jennifer Weiner, Jane Green, Marian Keyes, and Meg Cabot, then Kerry Reichs's What You Wish For is the answer to your prayers. The daughter of forensic crime fiction superstar Kathy Reichs (bestselling creator of the Temperence Brennan mystery series, the basis for TV's Bones), Kerry Reichs's writing talent is ingrained in her DNA, as she's already demonstrated with her previous books, Leaving Unknown and The Best Day of Someone Else's Life. Her third novel, What You Wish For, is a tender, loving, funny, and unforgettable tale of five "modern" families, each one following a very different road to happiness, and yet another bravura example of Kerry Reichs's phenomenal storytelling abilities.
