The sultana is a "white" (pale green), oval seedless grape variety also called the sultanina, Thompson Seedless (United States), Lady de Coverly (England), and oval-fruited Kishmish (Iraq, Iran, Israel, Palestine, India). It is also known as zmir ü z ü m ü (grape of zmir) in Turkey since this variety has been extensively grown region around zmir. It is assumed to originate from ( ), which ...

Sultana (grape) - Wikipedia

A sultana is a dried white grape, but of the seedless variety. Sultanas are golden in color and tend to be much plumper, sweeter, and altogether juicier than other raisins. Turkey is the main producer of sultanas. Also known as golden raisins, sultanas will absorb other flavors, but not as well as regular raisins.

Sultan (2016) - IMDb

Kösem Sultan, Ottoman sultana who exercised a strong influence on Ottoman politics for several decades at a time when the women of the palace enjoyed significant authority within the palace. She was active in palace politics throughout the reign of six sultans, the mother of two of them and the grandmother of a third.

“ One of the most riveting war stories I have ever read ... Huffman ’ s smooth, intimate prose ushers you through this nightmare as if you were living it yourself. ” —Sebastian Junger, author of The Perfect Storm The dramatic true story of the worst maritime disaster in U.S. history. Alan Huffman ’ s Sultana brings to breathtaking life a tragic, long forgotten event in America ’ s Civil War—the sinking of the steamship Sultana and the loss of 1,700 lives, mostly Union soldiers returning home from Confederate prison camps. A gripping account that reads like a nonfiction Cold Mountain, Sultana is powerful, moving, rich in irony and fascinating historical detail—a story no history aficionado or Civil War buff will want to miss.

Provides an investigation of the reasons behind, and the cover-up of the steamboat explosion which took the lives of 1,800 Union soldiers in 1865

The worst maritime disaster in American history wasn't the Titanic. It was the steamboat Sultana on the Mississippi River and it could have been prevented.

From the groundbreaking North & South magazine article, featured on The History Channel in "Civil War Terror," and in PBS "History Detectives," GET THE WHOLE STORY of Confederate boatburner and spy, Robert Loudon, called the "murderer of the age." Learn about his connection to the captain of the steamer Sultana, and about the band of saboteurs responsible for destroying 60 or more steamboats on the Mississippi River during the Civil War. Convicted of destroying a steamer carrying millions of payroll meant for Grant's forces, sentenced to death, and coming within minutes of hanging, find out how Lincoln's stay of execution of Robert Loudon may have led to a worse maritime disaster than the sinking of Titanic. Among the steamboats destroyed on the Mississippi River, the one with the largest single loss of life was the steamer Sultana. The boat had been loaded with over 2000 people, most of them Union POWs returning from Southern prison camps. When the Sultana exploded and burned, as many as 1800 people were killed as many Union soldiers died on the river that night as died on the battlefield of Shiloh. With them died a number of women, children, and civilian men. Was it an accident? Or sabotage? Excerpt from Sultana: A Case For Sabotage Seven miles out of Memphis, at 2:00 a.m. on April 27, 1865, the steamer Sultana chugged northward loaded with over twenty-three hundred people, most of them Union soldiers returning home from southern prison camps. Without warning, an explosion ripped through the boilers, scalding steam burst out, and a shower of flaming coal shot upward into the night, raining down on the crowded boat, which in moments was engulfed in flames. Over seventeen hundred people died, making the destruction of Sultana a maritime disaster worse than the sinking of the Titanic. This publication also includes the full-length version of the originally published North & South article, with all footnotes and sources.

At two o ' clock in the morning on 27 April 1865, seven miles north of Memphis on the Mississippi, the sidewheel steamboat Sultana ' s boilers suddenly exploded. Legally registered to carry 376 people, the boat was packed with 2,100 recently released Union prisoners-of-war. Over 1,700 people died, making it the worst marine disaster in U.S. history. This book looks at the disaster through the eyes of the victims themselves. It offers a concise, minute-by-minute account on the cause of the explosion and its effect on different parts of the boat. To focus on the personal stories of the victims, both civilian and soldier, Gene Eric Salecker patiently collected material from hundreds of letters, period newspaper stories, and other sources. Readers are first introduced to victims while they are languishing in Confederate prisons and follow their release to an exchange camp outside of Vicksburg to their eventual crowding onto the Sultana. His knowledgeable narrative is interwoven with individual reminiscences, including those of the heroic rescuers. He offers unprecedented details about the captain ' s handling of the steamboat and corrects some long-held myths about the placement of the soldiers on the Sultana and newspaper coverage of the disaster. A large portion of the book covers rescue attempts, both successful and failed, and the aftermath of the disaster as it affected those involved. With its emphasis on the human-interest aspect of the Sultana, this book brings to the literature a critical point of view and much new research.

Tells the story of a feminist utopia and discusses the Muslim custom of purdah, the seclusion and segregation of women

Lee Surrendered! "President Murdered!" "Booth Killed!" screamed the headlines of American newspapers in April 1865, leaving little room for mention of a maritime disaster that to this day is America's worst. On April 27, 1865, the Sultana, a 260-foot, wooden-hulled steamboat-smaller than the Titanic but carrying more passengers-exploded on the Mississippi River near Memphis, Tennessee. More than 1,800 men, mostly Union soldiers on their way home from Confederate prison camps, died. On board were over 2,400 passengers-six times the ship's legal capacity. Although jubilant about the war's end, most of the men were weakened by malnutrition and disease from their imprisonment at Andersonville and Cahaba. Hundreds who were not killed in the explosion drowned in the cold, swift waters of the muddy river. Because of the timing of the sinking, coverage of the Sultana's demise was scant, and the tragedy has passed almost unnoticed in the pages of American history. In this highly documented book, author Jerry Potter focuses on how greed, indifference, gross stupidity, and criminal misconduct reaching as far as the White House led to the overloading of the Sultana at Vicksburg. Such irresponsible conduct characterized the actions of President Lincoln, an entire chain of army command, and several profit-hungry civilians. This authoritative work contains abundant photographs and illustrations, as well as the most complete list of the ship's passengers available.

The Sultana was a sidewheel Mississippi steamboat carrying almost two thousand recently-released Union prisoners-of-war back north at the end of the Civil War. At 2:00 a.m. on April 27, 1865, when the boat was seven miles above Memphis, her boilers exploded. Almost 1,200 people perished in the worst maritime disaster in United States history. Gene Eric Salecker covers this disaster in detail and dispels the many myths that have been connected to the Sultana for too long. Almost every author who has written about the Sultana has relied on the words of a few survivors or referred to the works of previous authors to get their story. Advancing the scholarship, the author has visited the National Archives in Washington, DC to comb through the handwritten transcripts of the three investigative bodies that looked into the disaster or poured over the handwritten testimony from the court-martial trial of Capt. Frederic Speed, the only person tried for the overcrowding of the vessel. In 1996, after extensive research and using the most current sources available at that time, Salecker wrote Disaster on the Mississippi: The Sultana Explosion April 27, 1865. Still, there were inevitable omissions. After almost twenty-five years of continued research on the Sultana, and all those involved in the disaster, Salecker has gleaned unparalleled knowledge into every aspect of the disaster. His research, covering the National Archives, and thousands of pages of newspapers from around the world and government documents, including pension records and service records, has allowed Gene to tell the story of the Sultana as completely as possible. By bringing his research back to primary sources, Salecker dispels myths and adds to the story of the Sultana. In Destruction of the Steamboat Sultana: The Worst Maritime Disaster in American History paroled prisoners, civilian passengers, guards, crewmembers, rescuers, and eyewitnesses tell their stories in their own words. The true, and complete, story about the Sultana and the disaster has finally, and fully, been told.
