"The Professional" uses similar elements, rearranged. It is a well-directed film, because Besson has a natural gift for plunging into

drama with a charged-up visual style. And it is well acted.

From #1 New York Times bestselling author Kresley Cole comes *The Professional*—the second scorching installment in her *Game Maker* series, an erotica collection that has readers asking: How hot is too hot? He makes the rules . . . Mafiya enforcer Aleksandr "The Siberian" Sevastyan's loyalty to his boss is unwavering, until he meets the boss's long-lost daughter, a curvy, tantalizing redhead who haunts his mind and heats his blood like no other. Ordered to protect her, Sevastyan will do anything to possess her as well—on his own wicked terms. Rules are made to be broken . . . PhD student Natalie Porter had barely recovered from her first sight of the breathtakingly gorgeous Sevastyan before the professional hit man whisks her away to Russia, thrusting her into a world of extreme wealth and wanton pleasures. With every day she spends under his protection, she falls deeper under his masterful spell. Are you ready to play? Yet all is not as it seems. To remove Natalie from an enemy's reach, Sevastyan spirits her into hiding. From an opulent palace in Russia to the decadent playgrounds of the mega-wealthy in Paris, the two lovers will discover that even their darkest—and most forbidden—fantasies can come true...

In this ground-breaking text book, bestselling author Neil Thompson turns his attention to the question of 'What does it mean to be truly professional in the field of social work?' Notions of professionalism in social work have changed over time. Early traditional ideas showed themselves to be elitist and inconsistent with the fundamental principles of social work, and have been followed by a period of uncertainty as to whether or not social workers are professionals at all. Now, with a move towards a new form of professionalism beginning to take shape, this book presents a cogent argument for reaffirming this vital aspect of social work. Informed by extensive experience and expertise, Thompson examines the role of the modern-day social worker in four parts: as problem solver, thinker, manager and professional. Whether a student new to the complexities of this demanding, rewarding field taking a social work practice or placement module, or a qualified practitioner seeking a source of guidance, this book will help meet the challenge of developing a professionalism that is consistent with the values of contemporary social work.

A manifesto on what it takes to be a true professional in the modern world. By common definition, a professional is anyone who possesses the skills and knowledge necessary for a career—whether as a surgeon, a software engineer, or a plumber. But according to Subroto Bagchi, our increasingly global marketplace demands more. In a world where the foolish, selfish, and unethical decisions of a few have affected the lives of millions, *The Professional* urges readers to act responsibly and reexamine "business as usual". By exploring a variety of professional dilemmas across many industries, Bagchi defines the qualities of true professionals and the attributes that separate them from the merely competent. These include: *Suffer no false attractions: It's always tempting to take the path of least resistance, but true professionals can separate the genuine from the phony. *Know when to say no: True professionals are not afraid to say no to things that are not worth their time, their energy, or their creativity. *Take the long view: True professionals understand that every action, decision, and relationship, no matter how small, can have a lasting impact.

The wives of Boston's wealthiest men have a mutual secret: they all had an affair with the same cad who's blackmailing them, and Spenser's been hired to stop him. But when the wives start dying one by one, Spenser's new case becomes murder.
