Srinivasan; T.M. Krishna on musician M.S. Subbulakshmi; Ali Sethi on Farida Khanum; Baradwaj Rangan on Vikram; and Vinod K. Jose on Prime Minister Manmohan Singh. In this invaluable collection, the pioneering journal presents a valuable and far-reaching record of our times for readers, citizens and students of journalism alike.

Bestselling author and journalist Rajdeep Sardesai narrates the story of post-Independence cricket through the lives of 11 extraordinary Indian cricketers who portray different dimensions of this change; from Dilip Sardesai and Tiger Pataudi in the 1950s to Mahendra Singh Dhoni and Virat Kohli today

Why is Royal Challengers Bangalore one of the worst-performing teams in the Indian Premier League (IPL), despite having batsman like A.B. de Villiers and Chris Gayle, and being captained by Virat Kohli? On the other hand, why is Chennai Super Kings (CSK) one of the best-performing teams, despite boasting fewer superstars and an ageing M.S. Dhoni as captain? The secret could lie in the teams' captaincy styles. But more importantly, it lies in the way T20 teams plan, strategize and build themselves around a core group, which CSK has done. In *Cricket 2.0: Inside the T20 Revolution*, Tim Wigmore and Freddie Wilde take us on a whirlwind tour of the cricket format that has taken the world by storm. From its inception, when T20 was accepted by a narrow vote of the Marylebone Cricket Club, to its current global popularity, from its original superstar Chris Gayle to newcomers like Rashid Khan and Sandeep Lamichhane, T20 has become a phenomenon that has resurrected the game of cricket. From the sunny beaches of Trinidad and Tobago, which gave the world a West Indian team feared by its contemporaries, to the raucous stadiums of the IPL, today one of the world's most valuable sport tournaments, from India's original rejection of T20 to ultimately embracing it, signalling a shift in world cricket, Wigmore and Wilde break down how T20 has changed the game entirely, and why it may be the future of cricket.

Harsha Bhogle in his weekly column in the Indian Express has captured the entire gamut of Indian cricket. *Out of the Box* brings together the very best of Harsha's writings, in a book that will be a veritable delight for any cricket fan. Knowledgeable, frank and witty, and with a sense of drama comparable to that of cricket itself, Harsha brings the nation's cricketing ethos inimitably to life. And he is at his best when paying tribute to some cricketing greats—Lara, Inzamam, Jayasuriya, Ganguly, Sehwag, and the incomparable Tendulkar. As he follows India's fortunes on the cricket field at home and overseas, Harsha asks the question: can India really be no.1 in all three forms of the game? The answer lies in our history, and in the pages of *Out of the Box*.

Reimagining India brings together leading thinkers from around the world to explore the challenges and opportunities faced by one of the most important and least understood nations on earth. India's abundance of life—vibrant, chaotic, and tumultuous—has long been its foremost asset. The nation's rising economy and burgeoning middle class have earned India a place alongside China as one of the world's two indispensable emerging markets. At the same time, India's tech-savvy entrepreneurs and rapidly globalizing firms are upending key sectors of the world economy. But what is India's true potential? And what can be done to unlock it? McKinsey & Company has pulled in wisdom from many corners—social and cultural as well as economic and political—to launch a feisty debate about the future of Asia's "other superpower." *Reimagining India* features an all-star cast of contributors, including CNN's Fareed Zakaria; Mukesh Ambani, CEO of India's largest private conglomerate; Microsoft founder Bill Gates; Google chairman Eric Schmidt; Harvard Business School dean Nitin Nohria; award-winning authors Suketu Mehta (*Maximum City*), Edward Luce (*In Spite of the Gods*), and Patrick French (*India: A Portrait*); Nandan Nilekani, Infosys cofounder and chairman of the Unique Identification Authority of India; and a host of other leading executives, entrepreneurs, economists, foreign policy experts, journalists, historians, and cultural luminaries. These essays explore topics like the strengths and weaknesses of India's political system, growth prospects for India's economy, the competitiveness of Indian firms, India's rising international profile, and the rapid evolution of India's culture. Over the next decade India has the opportunity to show the rest of the developing world how open, democratic societies can achieve high growth and shared prosperity. Contributors offer creative strategies for seizing that opportunity. But they also offer a frank assessment of the risks that India's social and political fractures will instead thwart progress,

condemning hundreds of millions of people to enduring poverty. Reimagining India is a critical resource for readers seeking to understand how this vast and vital nation is changing—and how it promises to change the world around us.

The greatest run-scorer in the history of cricket, Sachin Tendulkar retired in 2013 after an astonishing 24 years at the top. The most celebrated Indian cricketer of all time, he received the Bharat Ratna Award - India's highest civilian honour - on the day of his retirement. Now Sachin Tendulkar tells his own remarkable story - from his first Test cap at the age of 16 to his 100th international century and the emotional final farewell that brought his country to a standstill. When a boisterous Mumbai youngster's excess energies were channelled into cricket, the result was record-breaking schoolboy batting exploits that launched the career of a cricketing phenomenon. Before long Sachin Tendulkar was the cornerstone of India's batting line-up, his every move watched by a cricket-mad nation's devoted followers. Never has a cricketer been burdened with so many expectations; never has a cricketer performed at such a high level for so long and with such style - scoring more runs and making more centuries than any other player, in both Tests and one-day games. And perhaps only one cricketer could have brought together a shocked nation by defiantly scoring a Test century shortly after terrorist attacks rocked Mumbai. His many achievements with India include winning the World Cup and topping the world Test rankings. Yet he has also known his fair share of frustration and failure - from injuries and early World Cup exits to stinging criticism from the press, especially during his unhappy tenure as captain. Despite his celebrity status, Sachin Tendulkar has always remained a very private man, devoted to his family and his country. Now, for the first time, he provides a fascinating insight into his personal life and gives a frank and revealing account of a sporting life like no other.

When it comes to getting ahead in life, who we know is as important as what we do. How do you draw people to you? Impress the powerful? Make an impact and extend your circle of acquaintances? Cultivate influential friends? Suhel Seth, a man who knows almost everyone there is to know in the country, brings you the ultimate guide to social success. From the secret to throwing a successful party to the benefits of befriending the less important half of a couple, he gives you practical advice and strategies to become a successful networker. Inspiring, provocative, and wise, *Get to the Top* is the ultimate book about wielding soft power.

Do you feel like throwing in the towel, but want to be a great leader? Would you like to build an organization? Do you want your child to be the best she can be? If you answered yes to any of these questions, *The Habit of Winning* is the book for you. It is a book that will change the way you think, work and live, with stories about self-belief and perseverance, leadership and teamwork—stories that will ignite a new passion and a renewed sense of purpose in your mind. The stories in *The Habit of Winning* range from cola wars to cricketing heroes, from Michelle Obama's management techniques to Mahatma Gandhi's generosity. There are life lessons from frogs and rabbits, sharks and butterflies, kites and balloons. Together they create a heady mix that will make the winner inside you emerge and grow.
